

## Agilec - Commitment to Diversity and Accessibility

At Agilec we respect and uphold the dignity of everyone.

We believe that diversity in our teams and communities makes us stronger. Variety in opinions and experiences helps us to provide relevant, inclusive services.

Our company works to prevent, minimize, and remove barriers for people with disabilities. Our goal is to ensure that all customers and employees can access our locations and services.

Every Agilec employee helps to honour this commitment.

### Implementing our Commitment

We make accessibility a reality by:

- Appointing an Accessibility Champion to lead our accessibility efforts
- Complying fully with the accessibility laws of Ontario, including the Accessibility for Ontarians with Disabilities Act and the Human Rights Code
- Creating and implementing a Multi-year Accessibility Plan
- Where appropriate, creating policies or incorporating accessibility issues into existing policies or practices
- Regularly assessing our progress with respect to accessibility issues.

### Plan Details

Agilec is committed to being a fully accessible organization by 2025. The focus of this plan is on the results we intend to achieve over the next five years. Plan implementation is coordinated by the Agilec Accessibility Champion and the VP Quality Assurance. The plan is reviewed and updated annually.

### Accessible Emergency Information

Agilec provides our customers with publicly available emergency information in an accessible way upon request. We also provide individualized emergency response information to employees with disabilities and review/update the information whenever the situation changes.

### Training

Currently, Agilec ensures that new staff members are provided with the training needed to meet Ontario's accessibility laws through:

- Synchronous workshops covering the Accessible Customer Service Standard

## Multi-year Accessibility Plan

---

- A recorded webinar covering the Integrated Standards

During 2017 we will review, update, and implement our new employee accessibility training content and approach.

### **Kiosks**

Agilec does not provide self-service kiosks. To ensure we consider the needs of persons with disabilities should we ever design, procure, or acquire self-service kiosks we have trained all leaders and employees regarding this requirement.

General training regarding kiosk accessibility requirements is included in our Integrated Standards training for new employees.

### **Information and Communications**

Agilec is committed to meeting the communication needs of people with disabilities. We consult with people with disabilities to determine their individual information and communication needs.

We have ensured that our websites and the content on those sites conform with WCAG 2.0, Level A. Agilec's Accessibility Champion is consulted whenever we design a new website or undertake a significant refresh to existing websites, and ensures our compliance.

We have ensured that our feedback processes are accessible to people with disabilities, and all publicly available information is made available in accessible formats upon request.

We have shared resources throughout Agilec about how to maximize document and on-line accessibility.

We will ensure websites and the content on those sites conform with WCAG 2.0, Level AA by January 1, 2021. Agilec's Accessibility Champion will consult with our Web Development Team to confirm or facilitate our compliance.

### **Employment**

Agilec is committed to fair and accessible employment practices.

We notify the public and employees that, when requested, Agilec will accommodate people with disabilities during the recruitment and assessment processes and when people are hired. All Agilec job postings/advertisements include a statement confirming the availability of accommodations for persons with disabilities during the

recruitment and assessment processes, and we inform successful candidates of our practices for accommodating employees with disabilities.

We have a process for requesting and developing individual accommodation plans, as well as return-to-work plans for employees that have been absent due to a disability.

We have ensured that the accessibility needs of employees with disabilities are taken into account in our performance management, career development, and redeployment practices.
